FACULTY

Total Faculty—Appointment Type

There are 5,633 faculty teaching in NAAB-accredited degree programs. This number includes adjuncts. This total represents a 10% decrease from 2012–2013, when the total number of faculty was 6,231.

Of this total, 2,313 (42%) are full-time, 458 (9%) are part-time, and 2,862 (49%) are adjunct faculty. The percentage of full-time faculty remains unchanged from 2012–2013. The large increase in the percentage of adjuncts—from 39% in 2012–2013 to 49% in 2013–2014—may reflect the NAAB’s elimination of the “instructor” category from its data collection and a more accurate report of the number of adjuncts.
