An IPR is a narrative report supported by evidence that cover three areas:

1. The program's response to, or progress in, addressing not-met Conditions or SPC, or Causes of Concern from the most recent VTR.
2. Significant changes to the program or the institution since the last visit.
3. Changes to the program's responses to Conditions I.1-I.5 since the previous *Architecture Program Report* was submitted. In this section, the program must clearly distinguish new or amended text from that provided in the template. Additional instructions will be included in the template.

All programs that received an eight-year term of accreditation following a visit conducted in 2016 are required to file a two-year IPR by November 30, 2018.

In addition, all programs that received an eight-year term of accreditation following a visit conducted in 2013 are required to file a five-year IPR by November 30, 2018.

These programs are required to submit a 2-year IPR in 2018:
