# 2020 Conditions & Procedures Development

## New process for development of new *Conditions & Procedures*

- Nearly a 3-year process with continuous research and input
  - Steering Committee: 4 representatives each from ACSA, AIA, AIAS, and NCARB
  - Several public comment periods including sessions at ACSA meetings
  - ARForum19: 3-day meeting with full board of directors of ACSA, AIA, AIAS, NCARB, and NAAB plus presidents of NOMA and CCCAP

- **Result: Revised focus within both *Conditions* and *Procedures***

# 2020 Conditions Philosophy

## ❖ Strong focus on

- Shared values (academia and practice)
- Diversity, equity and inclusivity
  - Condition 2-Shared Values: Equity, Diversity and Inclusion
  - Condition 3: PC.8 Social Equity and Inclusion
  - Condition 5: 5.5 Social Equity, Diversity and Inclusion
- Teaching and Learning Culture

## Assessment

# 2020 Conditions Philosophy

❖ Assessment fosters innovation and allows program to be distinct in their own ways

- Establish **assessment measures** with **benchmarks**
- Collect, analyze **data** and make **changes/improvements**
- Provide **evidence** of compliance with Conditions (**timing (!)**)
- Part of a **continuous** improvement process

❖ Require programs to:

- **DESCRIBE**
- **DEMONSTRATE**
- **DOCUMENT**

# Where to Start?

## Identify and fill curricular and assessment gaps

- For any Program Criteria (PC) or Student Criteria (SC) that are not well addressed
  - Add course content (PC or SC)
  - Add co-curricular activities (PC only)
- For any PC/SC that is not assessed
  - Add assessments within required courses (PC or SC)
  - Add assessments into co-curricular activities (PC only)

# Condition 1: Context and Mission

- Replaced History with Context
  - Purpose: to help NAAB and the visiting team to understand the specific circumstances of the school/department
    - Institutional context and geographic setting (public or private, urban or rural, size, etc.)
    - Multidisciplinary relationships
- Mission remains
- Summary paragraph and page limitation

# Condition 2: Shared Values

- Programs are required to provide a narrative describing how and where they address all Values
- Values need to be woven through PC and SC as appropriate
  - Not every Value needs to be addressed in each PC and SC but holistically all need to be covered

# Condition 3: Program & Student Criteria

- Focus on **ASSESSMENT** at the Program level
- Purpose of assessment is to foster **CONTINUOUS IMPROVEMENT**
- Assessment must be **ON-GOING**
  - Develop a Cycle of Assessment
  - Identify frequency for review of student learning outcome data
  - Involve stakeholders from inside and outside of the program/institution
  - Make changes to program based on data

# Condition 3: Program & Student Criteria

## Best practices for outcomes-based assessment

- **Stakeholder involvement** in accordance with your current processes and governance structure
  - Faculty, practitioners
  - Identify assessment measures and associated benchmarks
  - Collect and aggregate data
  - Review data and make improvements to the program
- **Use your resources**
  - Institutional assessment committee
  - Institutional research office
  - Colleagues in other departments
  - External assessment resources
- **Your assessment process** should answer
  - How do you know that your students are learning?
  - How well are your students achieving the learning outcomes?
  - How well is your program achieving its outcomes?
  - What changes/improvements have you made as a result of the assessment process?

# Condition 3: Program & Student Criteria

## What is **Evidence** in the *2020 Procedures*

- In the past, evidence has been interpreted to mean *student work only*.
- The *2020 Conditions* require programs to provide evidence of *student learning* for PC and SC, but only require student work for SC.5 Design Synthesis and SC 6. Building Integration
- Evidence for all PCs and SCs should be understood as documentation that provides substantiation for the program's assessment and continuous improvement processes.

# Condition 3: Program & Student Criteria

## Evidence

- PC: Curricular and Non-Curricular activities that are part of the requirements for all; not all students have to have the exact same experience or course
- SC: Curricular activities ONLY; all students are required to take
  - SC.1-4 narrative and evidence (documentation and assessment)
    - No need (but can if want to) to provide student work
  - SC.5-6 narrative and evidence of assessment and student work

# Condition 4: Curricular Framework

- Change is intended to encourage programs to be **innovative**
  - Elimination of the required hours for General Education, Professional Studies and Optional Studies
  - Gen Ed must meet the Regional Accreditors requirements
- Programs can shift hours and to explore possibilities to better support students within their own context.

# 2020 Conditions & Procedures RESOURCES

The screenshot shows the NAAB website's 'Accreditation Resources' page. The navigation bar includes links for ACCREDITATION, ARCHITECTURE PROGRAMS, EESA, INTERNATIONAL, INFO, COVID-19, and ARS. Below this, a secondary bar lists PARENTS, STUDENTS, VISITING TEAMS, PROGRAM DIRECTORS, and PUBLIC. The breadcrumb trail reads 'Home > Accreditation > Accreditation Resources'. The main heading is 'Accreditation Resources'. A paragraph states: 'In order to help you with accreditation, we have developed a number of resources and templates.' Below this, a list of resources is provided: '2020 Conditions & Procedures', 'Guidelines to Accreditation', 'Frequently Asked Questions', 'APR Template (Initial Accreditation)', 'APR-C Template (Candidacy)', 'VTR Template', 'PC and SC Matrix Template', and '2020 Conditions Q+A Webinar'. A large, diagonal watermark reads 'Email Questions to: accreditation@naab.org'. To the right of the text is a faded image of an interior hallway with display cases.
